MINISTER OF COMMERCE & INDUSTRY
GOVERNMENT OF INDIA

MESSAGE

I am delighted to learn that the India Trade Promotion Organization (ITPO), in collaboration with the Confederation of Indian Footwear Industries (CIFI), is organizing the 9th edition of the India International Footwear Fair (IIFF) from 6th to 8th August 2025 at Bharat Mandapam, New Delhi. ITPO is also bringing out a fair catalogue, which will further enrich the experience by offering curated insights into the event and showcasing the diverse range of participating brands and products.

The Indian footwear sector holds immense potential to contribute significantly to the country's economic growth and export diversification. Under the dynamic leadership of our Hon'ble Prime Minister Shri Narendra Modi ji, there has been a renewed thrust on promoting manufacturing excellence and enhancing global competitiveness in sectors like footwear through initiatives such as Make in India, Aatmanirbhar Bharat and targeted support to MSMEs. These efforts have not only created an enabling ecosystem for the industry but have also opened new opportunities for Indian manufacturers in international markets.

IIFF 2025 will serve as a valuable platform for manufacturers, exporters, designers and technology providers to converge, collaborate and explore new avenues of growth. It will not only facilitate B2B interactions and buyer-seller meetings but also offer insights into global trends and innovations shaping the future of the industry. The fair will support domestic players in scaling up their operations, entering new markets and forming lasting international partnerships.

I congratulate ITPO and CIFI for their concerted efforts and wish IIFF 2025 great success.

Piyush Goyal

MESSAGE

India Trade Promotion Organisation takes pride in presenting its premier specialized B2B event, the 9th edition of India International Footwear Fair (IIFF-2025) at Hall 5 GF & 6, Bharat Mandapam from August 06 to 08, 2025. The fair is being organized in collaboration with Confederation of Indian Footwear Industry (CIFI).

The fair is an annual effort to enhance India's share in global trade in investment as envisioned by the Hon'ble Prime Minister Shri Narendra Modi.

With a focus on footwear and components at IIFF, the business visitors will surely find prospective avenues for trade and joint venture while providing an interactive platform in understanding the latest trends, technologies and innovation. This year, covering a gross area of over 20,000sqms. There are over 200 leading companies from India and abroad in the fair. Overseas participation includes from Taiwan and Japan. The display profile covers leather and non-leather Footwear, synthetic material, components, accessories, machinery, equipment and chemicals.

I am sure, future editions of the event such as IIFF will be organized with a wider stature and size at Bharat Mandapam. I would like to acknowledge the unstinted support and cooperation that ITPO has been receiving from CIFI and other associates in hosting this event all these years.

Since its inception, the fair has evolved into a highly reliable and worthy institutionalized platform for business in its varied manifestation- imports and exports, technology transform, exploration of partnerships and investment opportunities in leather as well as non-leather footwear sector.

I wish the participants and business visitors at the IIFF 2025 all success.

(Pradeep Singh Kharola)
Chairman and Managing Director
India Trade Promotion Organisation

MESSAGE

It is with great pride and optimism that I share the announcement of the **09th edition of the India International Footwear Fair (IIFF)**, scheduled to be held from **August 6th to 8th, 2025**, at **Bharat Mandapam, New Delhi**. This landmark event is being organized by the **India Trade Promotion Organisation (ITPO)** in association with the **Confederation of Indian Footwear Industries (CIFI)** as Co-organizer.

Building on the resounding success of previous editions, IIFF 2025 promises to be **bigger, bolder, and more globally connected**. With participation from over **220 exhibitors** and an expected **15,000+ business visitors**, the fair will showcase the full spectrum of the footwear and leather ecosystem—including **footwear, synthetic materials, components, accessories, machinery, equipment, and chemicals**.

The fair has been extensively promoted across India and abroad through **international delegations, digital campaigns, radio, television, hoardings, and social media**, ensuring robust engagement from national and international buyers.

IIFF 2025 arrives at a time when India's footwear industry is undergoing a dynamic transformation, supported by **new government policies**, rising global demand, and a renewed focus on **quality, sustainability, and innovation**. We are confident that this edition will:

- Facilitate **high-value business transactions**
- Boost **exports and foreign collaborations**
- Encourage **joint ventures and investments**

On behalf of the Organizing Committee, I extend my warmest wishes to all participants, stakeholders, and visitors. May IIFF 2025 be a resounding success and a catalyst for India's emergence as a global leader in footwear manufacturing and innovation.

Warm regards,

Raj Kumar Gupta

Chairman, Organizing Committee – IIFF 2025
Confederation of Indian Footwear Industries (CIFI)

MESSAGE

It gives me immense pleasure to announce that the **India Trade Promotion Organisation (ITPO)**, in collaboration with the **Confederation of Indian Footwear Industries (CIFI)**, is organizing the **09th edition of the India International Footwear Fair (IIFF)** from **August 6th to 8th, 2025**, at **Bharat Mandapam, New Delhi**.

This year's IIFF marks a significant milestone in our journey to elevate India's footwear industry to global prominence. With **over 220 exhibitors** and an expected footfall of **15,000 business visitors**, the fair is set to be the largest and most impactful edition yet. The overwhelming response and complete booking of stalls well in advance reflect the industry's growing confidence and enthusiasm.

The 2025 edition is especially noteworthy in light of **new government initiatives** aimed at promoting quality manufacturing, sustainable practices, and global competitiveness. IIFF 2025 will showcase a comprehensive range of products including **footwear, synthetic materials, components, accessories, machinery, equipment, and chemicals**, offering a 360-degree view of the industry's capabilities.

We believe this fair will serve as a powerful platform to:

- Foster **business collaborations** and **joint ventures**
- Boost **exports** and attract **foreign investment**
- Encourage **innovation** and **technology adoption**
- Strengthen **MSME participation** and generate **employment opportunities**

On behalf of CIFI, I extend my heartfelt wishes to all participants, stakeholders, and visitors for a successful and enriching experience at IIFF 2025. Let us continue to work together to shape a vibrant and globally competitive Indian footwear industry.

Warm regards,

V. Noushad

National President

Expected Number of Business Visitors	<ul style="list-style-type: none"> • Over 15,000 visitors from India and Overseas

Business opportunities at IIFF 2025

Footwear Sector: India is Second Largest footwear Manufacturer after China , with Annual Production of over 3.2 Billion pairs. India is also the Second Largest Consumer of footwear after China. In India 90% of footwear manufacturing is Non-Leather Footwear and it is growing in vast nature. The Indian footwear Value Chain is able to enhance its quality and at the same time, gradually align with International quality standards followed by Global Brands.

The Indian Non Leather Footwear Industry is the largest Domestic Shoe Manufacturing Unit and now they are ready to export their product outside India to compete with China. India has an Phenomenal opportunity because global Leader are ready to Invest in Indian Footwear Market like, Nike, Adidas, Sketchers, Puma etc.

Reasons of Growing Indian Footwear Industry are:

1. The Indian Footwear Industry is an employment intensive Sector, Providing job to about 6 Million Peoples, Mostly from the Weaker Section of the society.
2. Trained/Skilled manpower at competitive wage levels
3. Design Development Initiatives by Footwear Clusters
4. Increasing Use of quality components
5. Economic Size of Manufacturing units

INDIA TRADE PROMOTION ORGANISATION A PROFILE

The India Trade Promotion Organisation (ITPO) has a rich history that spans several decades and has played a crucial role in facilitating global trade and fostering economic cooperation among nations.

The first exhibition called “Railway Exhibition” was held at this venue on April 16, 1953 to commemorate the hundred years of Indian Railways. The exhibition complex took shape when the “World Agriculture Fair” was hosted here in 1958. The Indian Industry Fair was a landmark event at the venue during December 11, 1959 – March 8, 1960. Importantly, this fair was visited by the then US, President H.E. Dwight D. Eisenhower along with a high powered delegation. The exhibition complex was rechristened as Pragati Maidan in 1972 when “Asia 72”, a mega trade fair was held to celebrate the Silver Jubilee of India’s independence. The venue again attracted global attention when Queen Elizabeth of Britain visited Pragati Maidan in 1983. ***With the changing times and to meet the emerging modern requirements, the venue underwent redevelopment and named ‘Bharat Mandapam’ by the Hon’ble Prime Minister of India, Shri Narendra Modi on July 26, 2023.***

India Trade Promotion Organisation (ITPO) came into being on January 1, 1992 with the merger of Trade Fair Authority of India (TFAI) established on April 1, 1977 by an Act of Parliament and Trade Development Authority (TDA) set up in 1970 as a registered society. The company is registered under section 25 of the Company Act, 1956 (now section 8 of the Companies Act 2013).

India Trade Promotion Organisation (ITPO), the premier trade promotion enterprise of the Ministry of Commerce & Industry, Government of India is committed to showcase excellence achieved by the country in diverse fields especially trade and commerce. Its mission is to promote, facilitate, encourage and coordinate various activities and programmes to enhance India’s share of exports. ITPO provides a wide spectrum of services to trade and industry and acts as a catalyst for growth of India’s trade and commerce.

Significantly, grown with every business event in stature and dimension, Bharat Mandapam, headquarter of the ITPO which is considered as a symbol of the “Modern Fair Culture” in South-Asia region. ITPO manages

India's world class exhibition complex which is constantly upgraded to keep it in a high standard of readiness.

The primary objective of ITPO was to enhance India's export potential by organizing trade fairs, exhibitions and buyer-seller meets both within the country and abroad. These events provided a platform for Indian business to showcase their products and services to international buyers, fostering business relationships and increasing export opportunities.

The history of ITPO is a testament to India's commitment to fostering international trade and economic cooperation. From its humble beginnings as the Trade Development Authority to its transformation into the India Trade Promotion Organization (ITPO) has played a pivotal role in shaping India's trade policies, promoting its products and services worldwide, and positioning the country as a significant player in the global market place.

The comprehensive revamp plan of Pragati Maidan (**Now Bharat Mandapam**), IECC project was conceptualized by the ITPO as per the direction of the Hon'ble Prime Minister Shri Narendra Modi in December 2015, the Cabinet Committee on Economic Affairs approved it in January 2017 for implementation in a mission mode. The project has a total built-up area of 4.2 million sq.ft. comprising an iconic, World Class Convention Centre that can accommodate 7,000 people in a single format, six modern exhibition halls with an exhibition area of 1.5 lakh sqm and plenty of underground parking facilities and good infrastructure connectivity to encourage use of public transportation, but also allow roads to decongest fast. The revamped venue Bharat Mandapam is spread over 123 acres of prime land in the heart of India's capital, New Delhi.

The redevelopment of the venue was driven by the need to modernize and expand the existing infrastructure, accommodate the increasing demands of the trade and exhibition industry, and position India as a global player in hosting world-class events.

ITPO's regional offices are located at Chennai, Kolkata and Mumbai. The Chennai Trade Centre managed by TNTPO is a joint venture of ITPO and TIDCO in Chennai, Tamil Nadu and Trade Centre in Whitefield Bengaluru is a joint venture of ITPO and Karnataka Industrial Area Development Board, managed by the Karnataka Trade Promotion Organisation. Apart from organizing several exhibitions such as India International Trade Fair, AAHAR, India International Leather Fair (Chennai), India International

Security Expo, Delhi Book Fair and India International Footwear Fair, ITPO holds national level participation in leading overseas trade shows in line with the governments focus programmes for countries in Latin America, Africa and CIS countries. Various policy matters were reviewed and refined to promote third-party organizations at Bharat Mandapam.

ITPO has been strictly adhering to the CSR and sustainability guidelines issued by the Department of Public Enterprises and applicable Act and Rules of the Companies Act 2013.

Likewise, the formal commissioning of the Trade Centre Bengaluru (TCB) at Whitefield in September 30, 2004 as a joint initiative of ITPO and the Karnataka State Industrial Area Development Board, is the harbinger of an added impetus to trade promotion through fairs, exhibitions and associated activities of the State and southern region.

On the advice of the Department of Commerce, ITPO has coordinated the construction of an exhibition-cum-trade-complex at Sarusajal, Guwahati under “Assistance to States for Developing Export Infrastructure and Allied Activities (ASIDE)’ Scheme. The Maniram Dewan Trade Centre spread over an area of 10 acres has been completed and handed over to Government of Assam for further operation. ITPO is providing assistance to State Government of Jammu & Kashmir (J&K) in setting up Regional Trade Promotion Centres (RTPC) in Pampore (Jammu & Kashmir).

Jammu & Kashmir Trade Promotion Organisation (JKTPO) incorporated on 30th May 2018 as a Section 8 Company as per Companies Act, 2013 is a joint venture between Jammu & Kashmir Small Scale Industries Development Corporation Ltd., (SICOP), India Trade Promotion Organisation (ITPO) & Export Promotion Council for Handicrafts (EPCH) with a proportion equity as 51% from SICOP, 44% from ITPO and 5% from EPCH. An area of 270 kanals of land has been earmarked in an upcoming area of Sempora, Pampore located just 8 kms from Srinagar.

Similarly, ITPO is also providing assistance to State Governments in setting up Regional Trade Promotion Centres (RTPC) in Kochi (Kerala) besides other state capitals and major cities.

At present ITPO owns and manages the Bharat Mandapam which is the largest exhibition centre in India both in terms of exhibition space and the number of events held (approx. 90 events per year). The total area of Bharat Mandapam is 123.51 acres (inclusive of 5.53 acres occupied by National Science Centre and 2.49 acres by Crafts Museum.

BHARAT MANDAPAM

Bharat Mandapam has undergone a complete revamp to fulfil the aspirations of the global exhibition fraternity. It promises to attract global participants and business delegates from across the world with its sheer magnificence, business conduciveness, architectural excellence, and being a majestic landmark destination to be experienced in its entire splendor.

To overcome the lack of modern amenities, absence of an integrated exhibition complex and convention centre the Pragati Maidan 2.0 was designed and International Exhibition-cum-Convention Centre (IECC) was made a project of National Importance. The world-class Convention Centre “Bharat Mandapam” was inaugurated by Shri Narendra Modi, Hon’ble Prime Minister on July 26, 2023. Its establishment marks a transformative milestone for India’s MICE Industry, opening up a plethora of opportunities for both domestic and international stakeholders. This ambitious revamp plan was aimed to position India as a crucial hub for international activities while championing the spirit of AatmaNirbhar Bharat.

The inception of the IECC Project traces back to December 2015 when the government envisioned a comprehensive overhaul of the historic Pragati Maidan in New Delhi. The Cabinet Committee on Economic Affairs (CCEA) approved the proposal for the Integrated-Exhibition-cum-Convention Centre at Pragati Maidan on January 24, 2017. The approval marked a step forward in the realization of this monumental project.

In terms of capacity, the Bharat Mandapam provides a variety of spaces catering to different needs such as general meeting rooms, premium meeting rooms, G-20 room, Leaders Lounge, Auditoriums, special and VIP. Level-3 boasts a grand seating capacity of 7,000 individuals with a 3000 seat plenary hall and a multifunction hall accommodating 4,000 attendees. A grand seating capacity of 7,000 individuals at level 3 of the Convention Centre makes it one of the largest in the country.

Bharat Mandapam stands as a technological marvel, embracing cutting-edge innovations to provide a seamless and state-of-the-art experience for all its visitors.

Being a flag bearer of all that is Indian in the true sense, IECC celebrates our country’s rich heritage by bowing down and paying homage to

our past and looking far into the promising future. The Iconic Bharat Mandapam stands out as the project's masterpiece, reflecting India's rich heritage while embracing the aspirations of a New India. It is conceived with a unique architectural design that beautifully blends India's rich cultural fabric with the aspirations of New India.

Standing tall on a 6 meter high podium, the Bharat Mandapam reiterates India's vision of Growth and Development, a path that India is taking towards becoming a Vishwa-Guru. Inspired from the Indian tradition, the shape of the building is derived from the Shankha (conch shell), the sound produced by which drives away evil spirits and is a mark of auspicious beginnings.

One of the key highlights being a Pre-Function wall depicting Surya Shakti, giving impetus to India's continuous efforts towards green energy through major milestones such as International Solar Alliance, One Sun One World One Grid etc. Another Pre-Function wall depicts India's wheels of progress, our journey from Zero to ISRO, celebrating our achievements in space exploration right from Aryabhata to today's Chandrayan and Gaganyaan.

The G20 hall takes forward India's ethos of Unity and Integrity and Global Solidarity. Continuing the ideal of oneness, there's also a typography wall depicting the Pancha Mahabhuta-Universal Foundation, it signifies the basic building blocks of universal foundation that are the five great elements that equalize all of us. Aakash (Sky), Vayu(Air), Agni (Fire), Jal (Water), Prithvi (Earth). All these symbols emphasize that the world is one and reiterate the essence of India's Presidency of G20 which rests on the pillar of "Vasudhaiva Kutumbakam". In addition to the symbolic significance of these sculptures, the raw materials procured for their fabrication are also by nature-Indian. These modest steps are re-igniting the flames of a Self-Reliant India.

Also elements such as the Tree of Life and the India-Rising Sculpture further articulate India's free thinking, Progressive and Growth driven mindset.

Apart from the architectural elements, there is also a myriad of colors borrowed from the rich and diverse culture of India. From hand-crafted Kashmiri carpets from the northern most part of India to the Tanjore Paintings from the vibrant lanes of South India. Bharat Mandapam is an embodiment of India's inheritance showcasing the spirit of "Ek Bharat Shreshtha Bharat". By inculcating art forms such as Kalamkari and

Madhubani Paintings, gives a wonderful peek into the folk history of our country and at the same time giving these art forms a colossal platform to further build “Brand India” by being “Vocal for Local”. Inclusion of Tribal art forms such as Gond and Warli Paintings not only accentuate the vision of an Inclusive India but also pushes forth India’s efforts of tribal welfare.

Bharat Mandapam is not only an architectural marvel and holding India’s cultural heritage in its heart, it also envisages a bright future for the Indian dream of becoming the Light of Asia in the present century by promoting Trade and Commerce, Enhancing small and Medium Enterprises (SMEs), Attracting Foreign Direct Investment (FDI) and creating employment opportunities.

Since its conceptualization, the Bharat Mandapam not only organized one of the most prestigious international event G-20 but also met with tremendous enthusiasm and interest from the market. Already, it has received a staggering more than 100 enquiries for the next 24 months, indicating the strong demand and recognition of its world-class facilities and amenities. These requests span a diverse range of events, from international conferences and ministry level gatherings to industry-specific functions and sectoral conventions.

Bharat Mandapam epitomizes India’s pursuit of economic and technological excellence. With its world-class infrastructure, it not only contributes to India’s ambition of becoming a 5 trillion-dollar economy soon but also reinforces the principles of Atmanirbhar Bharat. As India sets its sights on the century of Asia, this centre becomes a beacon of progress, fostering international collaboration and showcasing India’s capabilities to the world. It embodies the spirit of Amritkaal, celebrating the Azadi Ka Amrit Mahotsav, where India thrives as a global leader, making its mark on the global stage and upholding the cherished principle of “Vasudhaiva Kutumbakam” – the World is one family.

Bharat Mandapam is a landmark and iconic spot in Delhi and a symbol of the Prime Minister’s vision of “New India” in sync with India aspiring to be a global power. Fulfilling aspirations of expanding the business fraternity, IECC will mainly cater go G2G, G2B and B2B activities. With the latest architectural design along with basement parking for 4500 vehicles and comprehensive traffic decongestion interventions, it will add to the grandeur, stature and profile of the capital city of Delhi.

About Confederation of Indian Footwear Industries (CIFI)

Established in **January 2014** under Section 25 of the Indian Companies Act, the **Confederation of Indian Footwear Industries (CIFI)** serves as a unified platform for stakeholders across the footwear ecosystem—including manufacturers, exporters, accessory producers, and allied businesses. CIFI's mission is to foster collaboration, advocate for industry interests, and drive holistic growth in the Indian footwear sector.

Purpose & Role

- Acts as a **common platform** for industry entrepreneurs to engage with policymakers and share member perspectives with relevant government departments and ministries.
- Serves as a **catalyst for unity and development**, especially in the **Non-Leather Footwear (NLFW)** segment.
- Facilitates **economic transformation** through nationwide training programs, workshops, and seminars.

Aims & Objectives

- **Enhance production quality**, reduce wastage, and improve profitability through education and training.
- Promote **innovation, technology adoption**, and creative solutions via collaborative learning and industry dialogue.
- Host **seminars, conferences, and networking events** to strengthen member engagement.
- Organize **Buyer-Seller Meets** to showcase Indian products to global markets.
- Conduct **technical exhibitions** to provide access to cutting-edge trends and developments.
- Develop **exclusive footwear hubs** across major cities to support international-scale operations.
- **Double India's footwear export share** from 5% to 10% through strategic initiatives.
- Generate **over 2 million employment opportunities**, with a focus on rural women, artisans, and marginalized communities.

About Indian Footwear Market – 2025

India's footwear industry stands at a pivotal juncture, poised for transformative growth amid evolving global dynamics and domestic opportunities. Historically shaped by the dominance of leather exports, the sector is now witnessing a paradigm shift toward **Non-Leather Footwear (NLFW)**, both in production and consumption.

Market Size & Growth Potential

- The Indian footwear market was valued at **USD 17.89 billion in 2024**, projected to grow at a **CAGR of 12.39%** from 2025 to 2032.
- By 2030, the market volume is expected to reach **4 billion pairs**, with per capita consumption rising steadily.
- India is the **second-largest producer and consumer** of footwear globally, with production hubs in Tamil Nadu, Uttar Pradesh, and Maharashtra.

Non-Leather Footwear (NLFW) Trends

- Globally, NLFW accounts for **86%** of the footwear segment; in India's domestic market, this figure is even higher at **89%**.
- However, **exports remain skewed**, with NLFW contributing only **20%**, while leather footwear dominates at **70%**.
- Imports show a reverse trend: **80% NLFW** and only **9% leather footwear**, highlighting a strategic misalignment with global trade patterns.

Strategic Imperatives

- **Addressing the NLFW export-import anomaly** is critical to:
 - Reducing dependency on low-cost imports.
 - Enhancing India's competitiveness in global NLFW markets.
- Strengthening domestic NLFW production will also support **MSMEs**, which constitute over **95%** of manufacturing units.

Employment & Inclusive Growth

- According to CIFI's *Vision 2030* study, the footwear sector has the potential to **double employment to over 6 million** by 2030.

- The industry is a key driver of **inclusive economic growth**, with significant participation from women and rural artisans.

Export Outlook

- India's footwear exports reached **USD 4.68 billion** in 2023–24, with major markets including the **USA, Germany, and UAE**.
- Government initiatives such as **100% FDI, Footwear Complexes, and Component Parks** are enhancing global competitiveness.

FOOTWEAR DESIGN & DEVELOPMENT INSTITUTE (FDDI)

FDDI was established in 1986 by the Ministry of Commerce and Industry, Government of India, for the development and promotion of the footwear and allied product industries. Over time, it expanded into education in fashion, leather products, retail, and fashion merchandise, playing a key role in bridging skill gaps through specialized curricula, state-of-the-art laboratories, world-class infrastructure, and experienced faculty. Recognized as an 'Institution of National Importance' under the FDDI Act, 2017, FDDI continues to contribute to nation-building by producing industry-ready professionals and serving as a one-stop solutions provider for the footwear, leather, and allied industries.

Training & Education: FDDI is imparting skill base UG & PG Programmes through its four schools namely, School of Footwear Design & Production (FDP), School of Fashion Design (FD), School of Leather Goods and Accessories Design (LGAD), and School of Retail and Fashion Merchandise (RFM) at its 12 well-designed campuses located at Noida, Fursatganj, Chennai, Kolkata, Rohtak, Chhindwara, Guna, Jodhpur Ankleshwar, Banur, Patna and Hyderabad.

International Projects Consultancy & Management: FDDI has carved a niche globally by offering comprehensive consultancy and capacity-building services in the domains of leather, footwear, components, leather goods, and garments. FDDI has led several successful projects in countries such as Ethiopia, South Africa, Sri Lanka, Bangladesh, Botswana, Nepal, and the Philippines.

International Testing Centres (ITCs) FDDI operates two International Testing Centres (ITCs) in Noida and Chennai, accredited by SATRA, UK, with Noida also recognized by the Bureau of Indian Standards (BIS). These centres specialize in testing leather, footwear (safety, fashion, sports), components, textiles, and plastics, providing reliable and globally benchmarked quality assurance. Noida ITC is additionally approved by BIS, RITES, and all Paramilitary Forces, and caters to leading national and international brands such as Louis Vuitton, Dior, Jimmy Choo, Adidas, Nike, Puma, Reebok, Zara, Renault, and Nissan. To expand accessibility, ITC physical lab collection centres will become operational at all FDDI campuses from 1st September 2025, with pickup service facilities at selected clusters/locations starting from 1st October 2025. Details of pickup locations will be available on www.fddiindia.com.

Centre of Excellence (CoEs): To integrate cutting-edge Industry 4.0

technologies such as additive manufacturing, AI in design, data analysis, advanced software, and augmented reality, FDDI is upgrading seven of its campuses into Centres of Excellence (CoEs). These include FDDI Rohtak as the Centre for Non-Leather Footwear, Products & Accessories; FDDI Jodhpur for High-Performance/Specialized Footwear & Startups; FDDI Kolkata for Leather Goods, Garments & Accessories; FDDI Chennai for Design, Development & Fabric Interface; FDDI Hyderabad for Extended Design & Development for Leather Products & Accessories; and FDDI Patna for Leather Finishing Innovation & Product Retailing. These CoEs are being operationalized to foster innovation, advanced design capabilities, and green entrepreneurship aligned with global technological advancements.

Design, Development & Incubation Center: FDDI's Design, Development & Incubation Centers act as the creative and entrepreneurial hubs for India's growing fashion and lifestyle ecosystem. Leveraging its rich infrastructure, expert design faculty, and market orientation, FDDI provides a full spectrum of support for startups, designers, and MSMEs in the footwear, leather goods, and fashion apparel sectors.
