MESSAGE

I am delighted to learn that the India Trade Promotion Organization (ITPO) is organizing the 8th edition of the India International Footwear Fair (IIFF) from 8th-10th August 2024 in New Delhi.

The Indian footwear industry is labor-intensive and contributes significantly to our country's GDP, providing employment to lakhs of workers while earning valuable foreign exchange. With India's well-developed footwear components manufacturing industry, the Indian footwear sector is showcasing its class and expertise in the global footwear trade. India has the potential to become the world's largest and best quality footwear manufacturer.

Under the dynamic leadership of Hon'ble Prime Minister Shri Narendra Modi ji, initiatives like the Make in India program offer immense incentives for domestic manufacturing and export promotion, fostering a favorable growth environment. Under this initiative, the footwear segment has been chosen as a Champion Sector, highlighting its potential for significant growth and development.

It is noteworthy that the fair will involve participation from over 200 leading companies, including international players, thereby serving as a premier platform for showcasing the latest innovations, trends, and technologies in the footwear industry. It will also provide a vital opportunity for industry professionals to gain insights into global market demands and consumer preferences, further driving the growth and competitiveness of the Indian footwear sector.

I congratulate ITPO and the co-organizer of the fair, the Confederation of Indian Footwear Industries (CIFI), for their concerted efforts and wish the fair to be a grand success.

Piyush Goyal

Ministry of Commerce & Industry, Vanijya Bhawan, Akbar Road, New Delhi-110001
Tel. No. : +91 11 23039110, 23039111, E-mail : cimoffice@nic.in

MESSAGE

India Trade Promotion Organization (ITPO) is presenting its premier specialized B2B event, the eighth edition of India International Footwear Fair 2024 (IIFF) in Hall 5(GF) and Hall No. 6 at Bharat Mandapam, New Delhi from August 8 to 10, 2024. The event is being organized in collaboration with the Confederation of Indian Footwear Industries (CIFI).

Highlighting the emerging strength of Indian footwear and allied sectors, the fair has tremendous importance reflecting the government's policy initiatives and tax reforms to make India an easier place to do business, including in non-leather footwear sector. IIFF features emerging technologies keeping in pace with the rapidly changing buyers needs, while showcasing fresh opportunities and challenges. Apart from unveiling the export potential of India, the fair aims to project India as a favorite investment destination for manufacturing and as also a hub for innovative designs for quality footwear products.

This year, as many as 200 leading companies from India and abroad are taking part. The fair will present a wide range of products, machineries and equipment companies from India and overseas. Display profile covers, footwear and its components, synthetic material & PVC/PU, EVA, Fabrics, Soles, Adhesives, fashion accessories, chemicals, Machinery & Equipment and Technology, Leather Products.

India is the second largest global producer of footwear after China, accounting for 13% of global footwear production and 2.2% of global exports. India is the 9th largest global footwear exporter. The industry provides jobs to about 4.42 million people; women's employment is predominant, with about 40% share.

On behalf of ITPO, I would like to acknowledge the unstinted support and cooperation that we have received from CIFI and other associates in hosting this event.

I wish IIFF 2024 as well as participants all success in the attainment of their business objectives.

(Pradeep Singh Kharola)
Chairman and Managing Director
India Trade Promotion Organisation

MESSAGE

It is heartening to know that the INDIA TRADE PROMOTION ORGANISATION (ITPO) is organizing 8th edition of INDIA INTERNATIONAL FOOTWEAR FAIR, 2024 at Pragati Maidan, New Delhi from 8th August to 10th August, 2024 in association with CONFEDERATION OF INDIAN FOOTWEAR INDUSTRIES (CIFI) as a Co-organizer.

The fair has been widely promoted overseas and in India by various measures like International Visits, Radio, Television, Hoardings and Social Media etc.

The 8th edition of India International Footwear Fair (IIFF) is scheduled to be held from August 8th to 10th, 2024 at PragatiMaidan, New Delhi. India International Footwear Fair (IIFF) Delhi, 2024 will have on display Footwear, Machinery & Equipment, Technology, Compounds, Raw-Material, Footwear Components, Synthetic Materials-PVC/PU, Chemicals, Soles, Fabrics and Leather Products & Accessories. The event provides an opportunity to the trade and Industry to showcase their products and finalize their businesses with National and International Buyers.

It is hopeful that this fair will provide various Business Transactions, Increase in Exports, Joint Venture and Investment opportunities in the trade & the country.

Warmest wishes for the success of the Event.

Raj Kumar Gupta

Chairman Organizing Committee IIFF 2024
(Confederation of Indian Footwear Industries)

MESSAGE

The India Trade Promotion Organisation (ITPO) has been actively promoting trade through various activities, including fairs and exhibitions, both in India and abroad. I am delighted to share that the ITPO, in collaboration with the Confederation of Indian Footwear Industries (CIFI), is co-organizing the 8th India International Footwear Fair (IIFF) in New Delhi from August 8th to 10th, 2024, at Bharat Mandapam.

This year's IIFF holds great significance as it is larger than previous years, with more brands and companies occupying stalls. It is remarkable that all the stalls were booked .

The 8th IIFF Fair is particularly important due to new government policies aimed at reshaping India's business landscape, promoting quality products. To provide valuable insights to visitors.

The fair's main attraction is the comprehensive display of products related to the footwear and leather industries, including footwear, raw materials, finished leather, shoe components (uppers, soles, heels, counters, lasts), footwear machinery and equipment, process technology, and chemicals.

We are hopeful that this fair will facilitate increased business transactions, boost exports, encourage joint ventures, and provide investment opportunities in the trade sector.

Wishing you all the best for a successful event.

Warm regards,

V Noushad
National President

Expected Number of Business Visitors	<ul style="list-style-type: none"> • About 15,000 visitors from India and Overseas

Business opportunities at IIFF 2024

Footwear Sector: India is Second Largest footwear Manufacturer after China , with Annual Production of over 3.2 Billion pairs. India is also the Second Largest Consumer of footwear after China. The Indian footwear Value Chain is able to enhance its quality and at the same time, gradually align with International quality standards followed by Global Brands.

The Indian Non Leather Footwear Industry is the largest Domestic Shoe Manufacturing Unit and now they are ready to export their product outside India to compete with China. India has a Phenomenal opportunity because global Leader are ready to Invest in Indian Footwear Market like, Nike, Adidas, Sketchers, Puma etc.

Reasons of Growing Indian Footwear Industry are:

1. The Indian Footwear Industry is an employment intensive Sector, Providing job to about 6 Million Peoples, Mostly from the Weaker Section of the society.
2. Trained/Skilled manpower at competitive wage levels
3. Design Development Initiatives by Footwear Clusters
4. Increasing Use of quality components
5. Economic Size of Manufacturing units

INDIA TRADE PROMOTION ORGANISATION

A PROFILE

The India Trade Promotion Organisation (ITPO) has a rich history that spans several decades and has played a crucial role in facilitating global trade and fostering economic cooperation among nations.

The first exhibition called “Railway Exhibition” was held at this venue on April 16, 1953 to commemorate the hundred years of Indian Railways. The exhibition complex took shape when the “World Agriculture Fair” was hosted here in 1958. The Indian Industry Fair was a landmark event at the venue during December 11, 1959 – March 8, 1960. Importantly, this fair was visited by the then US, President H.E. Dwight D. Eisenhower along with a high powered delegation. The exhibition complex was rechristened as Pragati Maidan in 1972 when “Asia 72”, a mega trade fair was held to celebrate the Silver Jubilee of India’s independence. The venue again attracted global attention when Queen Elizabeth of Britain visited Pragati Maidan in 1983.

India Trade Promotion Organisation (ITPO) came into being on January 1, 1992 with the merger of Trade Fair Authority of India (TFAI) established on April 1, 1977 by an Act of Parliament and Trade Development Authority (TDA) set up in 1970 as a registered society. Over time, Pragati Maidan and ITPO have become synonymous as also Pragati Maidan and India International Trade Fair (IITF). The company is registered under section 25 of the Company Act, 1956 (now section 8 of the Companies Act 2013).

India Trade Promotion Organisation (ITPO), the premier trade promotion enterprise of the Ministry of Commerce & Industry, Government of India is committed to showcase excellence achieved by the country in diverse fields especially trade and commerce. Its mission is to promote, facilitate, encourage and coordinate various activities and programmes to enhance India’s share of exports. ITPO provides a wide spectrum of services to trade and industry and acts as a catalyst for growth of India’s trade and commerce.

Significantly, grown with every business event in stature and

dimension, Bharat Mandapam, headquarter of the ITPO which is considered as a symbol of the “Modern Fair Culture” in South-Asia region. ITPO manages India’s world class exhibition complex which is constantly upgraded to keep it in a high standard of readiness.

The primary objective of ITPO was to enhance India’s export potential by organizing trade fairs, exhibitions and buyer-seller meets both within the country and abroad. These events provided a platform for Indian business to showcase their products and services to international buyers, fostering business relationships and increasing export opportunities.

The history of ITPO is a testament to India’s commitment to fostering international trade and economic cooperation. From its humble beginnings as the Trade Development Authority to its transformation into the India Trade Promotion Organization (ITPO) has played a pivotal role in shaping India’s trade policies, promoting its products and services worldwide, and positioning the country as a significant player in the global market place.

The comprehensive revamp plan of Pragati Maidan, IECC project was conceptualized by the ITPO as per the direction of the Hon’ble Prime Minister Shri Narendra Modi in December 2015, the Cabinet Committee on Economic Affairs approved it in January 2017 for implementation in a mission mode. The project has a total built-up area of 4.2 million sq.ft. comprising an iconic, world class convention centre that can accommodate 7,000 people in a single format, six modern exhibition halls with an exhibition area of 1.5 lakh sqm and plenty of underground parking facilities and good infrastructure connectivity to encourage use of public transportation, but also allow roads to decongest fast. The revamped venue Bharat Mandapam is spread over 123 acres of prime land in the heart of India’s capital, New Delhi.

The redevelopment of Pragati Maidan was driven by the need to modernize and expand the existing infrastructure, accommodate the increasing demands of the trade and exhibition industry, and position India as a global player in hosting world-class events.

ITPO’s regional offices are located at Chennai, Kolkata and Mumbai.

The Chennai Trade Centre is managed by TNTPO is a joint venture of ITPO and TIDCO in Chennai, Tamil Nadu and Trade Centre in white field Bengaluru is a joint venture of ITPO and Karnataka Industrial Area Development Board, managed by the Karnataka Trade Promotion Organisation. Apart from organizing several exhibitions such as India International Trade Fair, AAHAR, India International Leather Fair, (Chennai), India International Security Expo, Delhi Book Fair and India International Footwear Fair, ITPO holds national level participation in leading overseas trade shows in line with the governments focus programmes for countries in Latin America, Africa and CIS countries. Various policy matters were reviewed and refined to promote third-party organizations at Pragati Maidan.

ITPO has been strictly adhering to the CSR and sustainability guidelines issued by the Department of Public Enterprises and applicable Act and Rules of the Companies Act 2013.

Likewise, the formal commissioning of the Trade Centre Bengaluru (TCB) at Whitefield in September 30, 2004 as a joint initiative of ITPO and the Karnataka State Industrial Area Development Board, is the harbinger of an added impetus to trade promotion through fairs, exhibitions and associated activities of the State and southern region.

On the advice of the Department of Commerce, ITPO has coordinated the construction of an exhibition-cum-trade-complex at Sarusajal, Guwahati under "Assistance to States for Developing Export Infrastructure and Allied Activities (ASIDE)' Scheme. The Maniram Dewan Trade Centre spread over an area of 10 acres has been completed and handed over to Government of Assam for further operation. ITPO is providing assistance to State Government of Jammu & Kashmir (J&K) in setting up Regional Trade Promotion Centres (RTPC) in Pampore (Jammu & Kashmir).

Jammu & Kashmir Trade Promotion Organisation (JKTPO) incorporated on 30th May 2018 as a Section 8 Company as per Companies Act, 2013 is a joint venture between Jammu & Kashmir Small Scale Industries Development Corporation Ltd., (SICOP), India Trade Promotion Organisation (ITPO) & Export Promotion Council

for Handicrafts (EPCH) with a proportion equity as 51% from SICOP, 44% from ITPO and 5% from EPCH. An area of 270 kanals of land has been earmarked in an upcoming area of Sempora, Pampore located just 8 kms from Srinagar.

Similarly, ITPO is also providing assistance to State Governments in setting up Regional Trade Promotion Centres (RTPC) in Kochi (Kerala) besides other state capitals and major cities.

At present ITPO owns and manages the Bharat Mandapam which is the largest exhibition centre in India both in terms of exhibition space and the number of events held (approx. 90 events per year). The total area of Bharat Mandapam is 123.51 acres (inclusive of 5.53 acres occupied by National Science Centre and 2.49 acres by Crafts Museum).

BHARAT MANDAPAM

The Pragati Maidan has undergone a complete revamp to fulfil the aspirations of the global exhibition fraternity. It promises to attract global participants and business delegates from across the world with its sheer magnificence, business conduciveness, architectural excellence, and being a majestic landmark destination to be experienced in its entire splendor.

To overcome the lack of modern amenities, absence of an integrated exhibition complex and convention centre the Pragati Maidan 2.0 was designed and International Exhibition-cum-Convention Centre (IECC) was made a project of National Importance. The world-class Convention Centre “Bharat Mandapam” was inaugurated by Shri Narendra Modi, Hon’ble Prime Minister on July 26th, 2023. Its establishment marks a transformative milestone for India’s MICE Industry, opening up a plethora of opportunities for both domestic and international stakeholders. This ambitious revamp plan was aimed to position India as a crucial hub for international activities while championing the spirit of AatmaNirbhar Bharat.

The inception of the IECC Project traces back to December 2015 when the government envisioned a comprehensive overhaul of the historic Pragati Maidan in New Delhi. The Cabinet Committee on Economic Affairs (CCEA) approved the proposal for the Integrated-Exhibition-cum-Convention Centre at Pragati Maidan on January 24, 2017. The approval marked a step forward in the realization of this monumental project.

In terms of capacity, the Bharat Mandapam provides a variety of spaces catering to different needs such as general meeting rooms, premium meeting rooms, G-20 room, Leaders Lounge, Auditoriums, special and VIP. Level-3 boasts a grand seating capacity of 7,000 individuals with a 3000 seat plenary hall and a multifunction hall accommodating 4,000 attendees. A grand seating capacity of 7,000 individuals at level 3 of the Convention Centre makes it one of the largest in the country.

Bharat Mandapam stands as a technological marvel, embracing cutting-edge innovations to provide a seamless and state-of-the-art experience for all its visitors.

Being a flag bearer of all that is Indian in the true sense, IECC celebrates our country's rich heritage by bowing down and paying homage to our past and looking far into the promising future. The Iconic Bharat Mandapam stands out as the project's masterpiece, reflecting India's rich heritage while embracing the aspirations of a New India. It is conceived with a unique architectural design that beautifully blends India's rich cultural fabric with the aspirations of New India.

Standing tall on a 6 meter high podium, the Bharat Mandapam reiterates India's vision of Growth and Development, a path that India is taking towards becoming a Vishwa-Guru. Inspired from the Indian tradition, the shape of the building is derived from the Shankha (conch shell), the sound produced by which drives away evil spirits and is a mark of auspicious beginnings.

One of the key highlights being a Pre-Function wall depicting Surya Shakti, giving impetus to India's continuous efforts towards green energy through major milestones such as International Solar Alliance, One Sun One World One Grid etc. Another Pre-Function wall depicts India's wheels of progress, our journey from Zero to ISRO, celebrating our achievements in space exploration right from Aryabhata to today's Chandrayan and Gaganyaan.

The G20 hall takes forward India's ethos of Unity and Integrity and Global Solidarity. Continuing the ideal of oneness, there's also a typography wall depicting the Pancha Mahabhuta-Universal Foundation, it signifies the basic building blocks of universal foundation that are the five great elements that equalize all of us. Aakash (Sky), Vayu(Air), Agni (Fire), Jal (Water), Prithvi (Earth). All these symbols emphasize that the world is one and reiterate the essence of India's Presidency of G20 which rests on the pillar of "Vasudhaiva Kutumbakam". In addition to the symbolic significance of these sculptures, the raw materials procured for their fabrication are also by nature-Indian. These modest steps are re-igniting the flames of a Self-Reliant India.

Also elements such as the Tree of Life and the India-Rising Sculpture further articulate India's free thinking, Progressive and Growth driven mindset.

Apart from the architectural elements, there is also a myriad of colors borrowed from the rich and diverse culture of India. From hand-crafted Kashmiri carpets from the northern most part of India to the Tanjore Paintings from the vibrant lanes of South India. Bharat Mandapam is an embodiment of India's inheritance showcasing the spirit of "Ek Bharat Shreshtha Bharat". By inculcating art forms such as Kalamkari and Madhubani Paintings, gives a wonderful peek into the folk history of our country and at the same time giving these art forms a colossal platform to further build "Brand India" by being "Vocal for Local". Inclusion of Tribal art forms such as Gond and Warli Paintings not only accentuate the vision of an Inclusive India but also pushes forth India's efforts of tribal welfare.

Bharat Mandapam is not only an architectural marvel and holding India's cultural heritage in its heart, it also envisages a bright future for the Indian dream of becoming the Light of Asia in the present century by promoting Trade and Commerce, Enhancing small and Medium Enterprises (SMEs), Attracting Foreign Direct Investment (FDI) and creating employment opportunities.

Since its conceptualization, the Bharat Mandapam not only organized one of the most prestigious international event G-20 but also met with tremendous enthusiasm and interest from the market. Already, it has received a staggering more than 100 enquiries for the next 24 months, indicating the strong demand and recognition of its world-class facilities and amenities. These requests span a diverse range of events, from international conferences and ministry level gatherings to industry-specific functions and sectoral conventions.

Bharat Mandapam epitomizes India's pursuit of economic and technological excellence. With its world-class infrastructure, it not only contributes to India's ambition of becoming a 5 trillion-dollar economy soon but also reinforces the principles of Atmanirbhar Bharat. As India sets its sights on the century of Asia, this centre becomes a beacon of progress, fostering international collaboration and showcasing India's capabilities to the world. It embodies the spirit of Amritkaal, celebrating the Azadi Ka Amrit Mahotsav, where India thrives as a global leader, making its mark on the

global stage and upholding the cherished principle of “Vasudhaiva Kutumbakam” – the World is one family.

Bharat Mandapam is a landmark and iconic spot in Delhi and a symbol of the Prime Minister’s vision of “New India” in sync with India aspiring to be a global power. Fulfilling aspirations of expanding the business fraternity, IECC will mainly cater go G2G, G2B and B2B activities. With the latest architectural design along with basement parking for 4500 vehicles and comprehensive traffic decongestion interventions, it will add to the grandeur, stature and profile of the capital city of Delhi.

ABOUT THE INDIAN FOOTWEAR INDUSTRY

India's leather and footwear industry has witnessed significant shifts over the past decades. From the dominance of China in the 1990s to the emergence of Vietnam and other countries in recent years, the global landscape has evolved rapidly. Amidst this backdrop, India has shown promising growth potential, with a diverse range of products spanning leather processing, footwear, bags, belts, and allied items.

The global trend in footwear is Non-Leather Footwear (NLFW) having a major share of 86% within the footwear segment. Indian domestic footwear market also is very similar to the global pattern with NLFW having a share of 89%. However, we differ entirely when it comes to exports. In exports from India, NLFW contributes only around 20%, whereas leather footwear contributes nearly 70%. This anomaly is there in the imports also. NLFW imports to India is around 80% of imports and leather footwear imports are around 9%.

Even though globally India is the second largest manufacturer of Non-Leather Footwear, we are not in alignment with the global market in the case of imports and exports of NLFW. Addressing this anomaly would give a big boost to the Indian Domestic Footwear Industry as it has two significant benefits – strengthening the Indian footwear industry by avoiding cheaper imports and bolstering export earnings from the footwear sector.

A recent study conducted by Confederation of Indian Footwear Industries (CIFI), titled Vision 2030, expects the Indian Footwear Industry to be a harbinger of transformative growth and also to have the potential of doubling the employment opportunity to over 6 million by the year 2030. The potential the sector holds from the perspective of inclusive economic growth is therefore very high.
