CIRCULAR No. 39/2018

Subject: Launch of online software application for space booking for 3rd party fairs with back office integration

A simple and user friendly web based software for online application for booking of space/halls by third parties in Pragati Maidan Grounds with back office integration has been developed with the following features:-

- Integration of online payment with the online application
- Communicating BDRC approval.
- Online booking of various Services including Electricity, Water, Blower, Compressed Gas, Branding etc.
- Generation and Issuance of Service Note.
- Provision of cancellation.
- Issuance of inspection circular.
- Submission of violation/inspection reports.
- Booking of F&B outlet/caterer.
- Implementation of NEFT/RTGS challan.
- Migration of offline booking date of future events etc.

The software has been developed under the MoU target 2018-19 and the same has been completed well before the excellent target date i.e. 31.10.2018.
